DETAILED ACTION

1. Preliminary Amendment, received on 27 May 2005, has been entered into record. In this amendment, claims 1-10 have been cancelled, and claims 11-20 have been added.
2. Claims 11-20 are presented for examination.

Priority

3. The claim for priority from PCT/EP03/13226 filed on 25 November 2003 is duly noted.
4. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Specification

5. The abstract of the disclosure is objected to because lines 1-3 do not form a complete sentence. Correction is required. See MPEP § 608.01(b).
6. The disclosure is objected to because of the following informalities:
 - a. In page 2, line 27: "wants to effect" should read –wants to affect–;
 - b. In page 3, line 2: "are possible" should read –are possible.–;Appropriate correction is required.

Claim Objections

7. Claims 11, 16-19 are objected to because of the following informalities:

- a. In claim 11, line 5: "the registered, person-specific feature" lacks antecedent basis;
- b. In claims 16 and 17, line 2: "the stored, person-specific features" is unclear if it relates to "stored features" (claim 11, line 5);
- c. In claim 18, line 9: "a person-specific feature" is unclear if it relates to "at least one person-specific feature" (claim 18, lines 2-3);
- d. In claim 19, line 4: "user-specific data" is unclear if it relates to "user-specific data" (claim 19, line 3).

Appropriate correction is required.

Drawings

- 8. The replacement drawings were received on 27 May 2005.
- 9. The drawings are objected to because the numbers, letters, and reference characters do not measure at least 1/8 inch in height. See 37 CFR 1.84(p)(3).
Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency.

Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
